DATASHEET / BROCHURE

With the SC-T5100 it's all about the detail, throughput speed and size of the output (up to 36”). Designed for those who need a professional-level, technical printer that boasts a low total cost of ownership. Whether you're an architect, student, engineer, or work in an advertising agency, the need to print accurately, precisely, reliably and in great detail is essential. Stand included.

Clean design
